Checklick and LTAD
The Benefits of Web-Based Program Delivery

For Organizations Deploying Training Standards

Checklick delivers your LTAD programs online, and consolidates, captures and interprets data on your athletes.

For Training Facilities

Checklick automates the day to day administrative tasks that take time away from coaching.

Common Questions:

How can I monitor basic trends like participant counts, gender and age?

How can I get everyone in my sport to use the same development programs?

How can I make my programs financially sustainable?

How can I make my programs better from year to year?
